Montpelier Citizens Also Authorize Construction of \$100,000 School House.

Montpelier citizens, in special session last night, voted to accept the report of the committee which selected Loomis street property as the site for a new public school building, and the whole business of the meeting was closed up in fifteen minutes.

The location recommended by the committee includes the residence of Mrs. C. L. Bixby, C. W. Guernsey, Dr. J. M. Templeton, a vacant lot owned by the P. P. Pitkin estate and other adjoining property. This entire property is listed at \$15,500 and the combined price assessed by assessors is \$41,200. It is thought the entire property can be secured without condemnation proceedings.

The meeting also authorized the school board to go ahead with the purchase of the property and the erection of the building. The total cost of the land and building is estimated at \$100,000.
